

Through with you- Maroon 5

Can you see me
Floating above your head
As you lay in bed
Thinking _____ everything
That you did not do
Cause saying I love you
Has _____ to do with meaning it
oh, oh
And I _____ trust you
Cause every time you're _____
Your intentions are unclear
I spend every hour waiting for a
_____ call
That I know will never come
I _____ to think you were the one
Now I'm sick of thinking anything at

***You ain't ever coming _____ to
me***

***That's not how things were
supposed to be***

You take my hand just to _____ it

***No other lover has ever _____
that***

Do you remember
The way we _____ melt
Do you _____ how it felt
When I touched you
Oh cause I _____ very well
oh,

And how long has it _____
Since someone you let _____
Has given what I gave to you
And _____ night when you sleep
Do you dream I would be there
Just for a minute or two do you?

You ain't ever _____ back to me

***That's not how things were
supposed to be***

***You _____ my hand just to give it
back***

***No other lover _____ ever done
that***

Heartache, heartache I just have so

***A simple love with a complex touch
There is nothing you can _____
or do***

***I called to let you know
_____ through with you***

I ain't never coming back to you!
